

NOT ENOUGH — Milton and Johnny Jones scored a total of 35 points against Coahoma in the first round of Regional play Friday night in Lubbock, but it was not enough as the Pipers lost out to the Bulldogs, 73-57. In the picture at left, Milton drives in for a two-pointer as brother Johnny and Willie Hooper wait for the rebound. Pictured at right is Johnny as he drives down court for a layup. The Pipers ended the season with a 19-4 record and the Bi-District Championship.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

As with all Piper fans we were disappointed that the boys were eliminated in the Regional Tournament Friday evening in Lubbock. But at the same time we are very proud of them for a very good season and congratulate them on winning Bi-District.

No one was more disappointed Friday night than the boys themselves, but they have nothing to be ashamed of. They finished the season with a 19-4 record and were one of only 16 teams in Texas to make it to the Class AA Regional playoffs.

And while we are on the subject of basketball, we would like to congratulate the local players who were named to the All-District teams that are being announced this week.

We were especially glad to see Coach Tom Dechairo in his first year here as head basketball coach get the coach of the year honor in the district. Joining their coach on the all district team are David Willis and Milton Jones.

Four Pipers were also named to the honorable mention squad and these were Willie Hooper, Joe Mayes, Ray Scifres, and Johnny Jones. All of these except Milton Jones and Joe Mayes will be back again next year so the other teams in the district had better look out.

Also being released this week is the Girls All District teams and the Piperettes placed two junior girls these teams with Leigh Ann Vaughan being named as a first team forward and Mary Ann Cork named as a second team guard.

If you are really interested in having a cleaner and better city to live in, you will have your chance Monday evening to do something about it. Attend the City-wide meeting Monday evening in the high school cafeteria and help make the plans for a spring clean-up campaign.

Too many times people say that they wanted to help but didn't know what to do or how to help — well here is your chance. The BCD is sponsoring the meeting, but needs the help of all of the citizens of Hamlin if anything is to come of the effort.

Pipers Fall to Coahoma In Regional Tournament

The Hamlin Pied Pipers were eliminated in the first round of the Class AA Regional Basketball Tournament held in Lubbock this past weekend. The Pipers fell to Coahoma, 73-57 Friday evening. Coahoma was eliminated in the second round the following day, losing to Morton, 64-50. The tourney was held in Lubbock Coliseum. Morton advances to the State Playoffs in Austin this weekend.

The Pipers got off to a slow start, trailing the Bulldogs from Coahoma, 18-8 at the end of the first period, and were never able to put together a strong enough rally to overcome the lead.

Milton Jones lead the Piper scoring with 19 points and Johnny Jones was the only other Piper to get into double figures with 16 points. David Willis and Bill Cork each scored eight points.

The Pipers cut the Bulldog lead to four points in the opening minutes of the second period only to have Coahoma build it back up to 10 before the

Pipers could score again. The Bulldogs added four more points to their lead during the remainder of the second period to be ahead, 43-29 at half-time.

The Pipers were able to cut the Bulldog lead to 10 points again midway in the third period. The Pipers outscored the Bulldogs 14-11 in this period

and were behind eleven points going into the final quarter, 53-43. But the Pipers could not muster a rally to overcome the Bulldog lead and Coach Tom Dechairo cleared his bench during the final minutes of the contest.

Assembly of God Church Sets Revival

The Rev. Dick McAnally, pastor, has announced revival plans for the Assembly of God Church beginning Sunday. Evangelist R. I. Stewart of Houston will be the speaker for nightly services at 7:30, with the exception of Saturday night.

Special music will be provided by the Assembly of God trio and members of the church.

Rev. McAnally said that Rev. Stewart is a proven minister with many years service as a pastor as well as an evangelist.

The public is cordially invited to attend.

Hamlin Schools Set Open House Tuesday

Several new departments in the Hamlin Public School system will be open for observation by the public at the annual Open House to be held Tuesday evening. All school buildings will be open for the annual event, according to Bob Hawes, superintendent.

Hours for kindergarten, early childhood, migrant program, special education, resource rooms, remedial reading, speech therapy, first and second grades in the primary and reading center buildings will be from 6:30 to 8 p.m., according to Mrs. Fred Smith, principal.

The third, fourth and fifth grades in the elementary building will be open from 6:30 to 8 p.m., according to Mrs. Mary Brown, principal.

Junior high school patrons are invited to visit the building from 7 to 8 p.m., says Principal Marvin D. Carlton.

High school visiting hours are from 7 to 8 p.m. and Principal B. V. Newberry is urging all parents to attend and visit with the teachers.

The kindergarten and early childhood rooms chose "Spring" for an Open House theme. The rooms will be filled with hints of springtime such as flowers, birds, trees, butterflies, kites and animals. The children planted flowers, sculptured animals, made tissue paper flowers to encircle their school pictures, painted rocks, and decorated activity booklets with sponge-painted trees.

The early childhood education program has been a part of the Hamlin school for two years and is located in the primary building. This program reaches 3, 4, and 5-year-old children who might experience a learning difficulty at the time of entrance into the first grade. Also, this program includes some first and second grade children experiencing a learning difficulty in school. Mrs. Carolyn Robertson is the early childhood teacher.

Following the "Spring" theme, the migrant children have prepared booklets on the signs of spring, planted flowers and are eagerly awaiting the first signs of green. Flower parts were labeled by the children in their learning process.

The migrant program began this year under the direction of the Abilene Service Center. Mrs. Louise Pena is the teacher and she provides help for all migrant children whose parents are connected with agriculture.

Help in all areas is given the student needing assistance to stay at his grade level. Spanish-American children get special language helps enabling them to increase their in-class participation.

The first grade has chosen as their theme "The Circus." Bulletin boards, art work, and other subject matter will be correlated with this theme.

The second grade is using "A Child's Curiosity Knows No Bounds" as a theme. Children's pictures will be displayed as spacemen and spacemen on the bulletin boards. Each child's individual work will be displayed, along with much art work and projects used to increase their interest in things around them.

A covered dish supper at 6:30 p.m. Friday will precede the first service. A salad luncheon for the ladies will be held in Fellowship Hall Saturday. A catered luncheon for the men is also scheduled. A covered dish supper for the membership Saturday evening and coffees in homes Saturday morning are planned for all church members.

NOW IS TIME Agent Offers Tips On Planting Trees, Shrubs

According to County Extension Agent Kirby Clayton, now is the time to find the best selection of trees or shrubs at garden centers and nurseries.

Trees and shrubs are generally sold in three forms: Ball or burlapped (B&B), container-grown and bare roots.

For the B & B type, a ball of soil, in proportion to the top growth of the plant, is wrapped in burlap and pinned. In handling, the plant should not be lifted by its stem or trunk. Rough handling can loosen the ball or soil and endanger the plant.

"B & B plants are usually larger than container-grown plants of the same price. They are usually field-grown and may be better adjusted to conditions in your landscape," says Clayton.

Container-grown plants are continuing to gain popularity. The most common sizes are one and five gallon containers. Two distinct advantages of plants grown in containers are that there is less shock during transplanting and less chance of damage due to rough handling.

Metal cans are usually cut with special shears by the nurseryman so that the plant can be lifted out of the container with a minimum root disturbance. Some of the new plastic containers are designed to allow the ball of soil to slip out without cutting the side. Plants should never be planted with the container intact.

Many fruit and nut trees as well as some shrubs and vines are offered for sale with bare roots or with roots packaged in sawdust or similar material. Such plants do best if set out during the dormant periods of late fall and winter.

"When setting out bare root

plants, two things are important. First never allow the root system to dry out or be completely submerged in water for long periods of time. Second, pruning at transplanting time is essential," cautions Clayton. The amount of pruning differs among species but generally a third to a half of the top growth should be removed. Any damaged roots should also be pruned back to healthy wood.

Regardless of the type of tree or shrub you plant, be sure to dig the hole large enough, at least 1½ times larger than the diameter of the ball or root spread. Set the plant at the same depth it grew at the nursery and work plenty of humus material into the soil. Tamp the soil and then water thoroughly. A good mulch on the surface, along with adequate water, will insure maximum growth during the establishment period. A small amount of fertilizer may be added when new growth begins.

FROM THE FILES . . .

FIFTY YEARS AGO
(March 2, 1923)

There's music in the air. There are many Hamlin boys now with bright new instruments, tickling the gentle night breezes with their efforts to subdue the tangled mass of notes. There will be at least thirty-five pieces playing when the real spring violets begin to peep out. The boys had some trouble in getting their instruments. It appears that musical instrument factories are running behind with their production.

A stretch of side walk is being laid this week and will add much to the looks of Hamlin. There are several wooden or iron buildings but from rumors not many months will pass till we will see some substantial bricks going up. Not only will the streets have the walks but not many years will pass till every business lot will have a substantial building on it.

The date of the regular meeting of the Board of Education is Feb. 1, but on account of the snow and inclement weather the meeting was postponed to Tuesday of this week.

The Hamlin Bridge Club met Friday afternoon, and organized the Twentieth Century Bridge Club.

TWENTY YEARS AGO
(March 6, 1953)

Seniors of Hamlin High School will present their annual class play this (Friday) evening in the high school auditorium. The play, "Father Was a Housewife," written by Vera and Ken Tarpley, is about psychology.

Hamlin's Drive-In Theater, just south of the Hamlin business section, will open for the summer season beginning Sunday, according to announcement by Mrs. B. S. Ferguson, owner.

Another slight boost for crop prospects in the Hamlin section was received Friday of last week and Monday night of this week that totaled less than one-third of an inch. The fall at the city pump station last Friday failed to register, but several communities around Hamlin reported up to half an inch. Monday night precipitation registered .25 of an inch, and again this rainfall was heavier north and west of Hamlin.

Smokers of the Hamlin area and practically every other spot in the country were paying more for their cigarettes this week as the result of the lifting of price controls by the Federal Government last weekend. Wholesale prices generally advanced 10 cents a carton, and retail prices were up 20 to 30 cents a carton. Most firms of Hamlin had been selling cigarettes at 22 cents, and these prices went to 23 cents.

TEN YEARS AGO
(February 28, 1963)

The Hamlin High School Piperettes will advance to the Bi-District play-off Monday when they meet Olney at Albany at 8 p.m. The winner advances to the first round of the Regional tournament at Lubbock March 8-9. A practice game has been set up for the Piperettes with Baird on Saturday at 7:30 p.m. in the Albany gym.

Neinda Philosopher Starts to Explain
Devaluation of Dollar, But Wanders Off

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tries to tackle the monetary problem this week but it may have eluded him.

Dear editor:
I had planned to explain the devaluation of the dollar this week as it relates to the world monetary situation but gave it up on the grounds that the more you explain money the less you come away informed about it, although I'll admit I can't understand what all the current to-do is about.

Why all the headlines and excitement about President Nixon's reducing the value of the dollar by 10 percent? The stores I trade at were way ahead of the President. They reduced it 10 percent five years

Texas Public School Week will be observed by the Hamlin Schools during the week of Mar. 4 through Mar. 7. A special feature will be an open house in all of the schools. The open house at primary through high school will be Tuesday night from 6:30 to 8:00 p.m.

An egg with a triple yolk was brought into the Herald office Tuesday by an employee of Piggly Wiggly. The egg was laid by a white leghorn in the flock of 12 hens owned by Mrs. Chester Ivey. The hen is a regular layer and usually lays an egg with a double yolk. The circumference of the egg was 6 3/8 inches.

A domino tournament will be held in the McCaulley School Gymnasium Friday at 8:00 p.m. Admission will be \$1.00 each, coffee and cake will be served. Prizes will be given to tournament winner and consolation winner.

POWs that I feel is worth repeating. "What a heart warming and moving display of patriotism we were privileged to see this week! The spectacle of our Vietnam POWs returning to freedom has to be one of the greatest sermons in love of country and pride of self that the American public has witnessed in far too many years.

"These returning prisoners of war bearing signs which said 'God Bless America and Nixon' should give the Communist countries great cause for soul searching when their military men are balking at returning to their societies. It had ought to also make our home grown disparagers of this country think about what really makes this country the envy of the world.

"Yes, the many things that these men have said to us by their actions and their deeds could fill a volume worthy of every citizen's perusal. However, sad to say, those who are most in need of these lessons in patriotism put forth by these returnees will, in all probability, learn the least. None are so blind as those who won't see.

"It won't be long until the liberal left in this country sets up a clamor for 'amnesty' for the objectors, slackers and deserters who fled to safer havens abroad. We hope that a mental picture of a hairy bum fleeing the country and a recall of the scene of our POWs coming down the airplane steps and saluting the Flag of the United States of America flashes through the minds of those who will ultimately make the 'amnesty' decision a foregone conclusion.

"Those who forsook their duty should pay the full penalty of the laws of this country. Those who stood steadfast and performed their duty as it fell their lot should be forever honored by this country."

ago, then reduced it 10 percent more, then 10 percent more, to where today a 10-cent tractor bolt now costs 30 cents, 50 cents worth of round steak costs \$1.25, and the price of a 3-minute visit to a doctor's office has quadrupled.

Actually, I don't know what the value of money is based on. It used to be based on gold, but now I think it's based on whatever theory the economist you happen to be talking to thinks it is.

Speaking of gold, even inflation has hit that and a report I read yesterday said its price has gone up again. In fact, it looks like if gold keeps going up it's going to be as high as meat. But I don't want to single out just meat. Everything is in on this, and I understand some housewives always try to do

their grocery shopping the first thing in the mornings because they figure most items will go up by mid-afternoon.

This of course doesn't apply to getting sick. If you're figuring on a long stay in a hospital, one time is as good as another. It's going to break you anyway.

Remember though the other side to all this is that nobody wants to go back to working for 50 cents an hour, and some of us don't even want to go back to working.

Yours faithfully,
J.A.

Steve Baker, a student at the University of Texas at Arlington, was at home Wednesday to attend the funeral of his great-grandmother, Mrs. E. G. Baker of Rotan. He is the son of Mr. and Mrs. Eugene Baker.

the Long Arm of God

There may be times when your church seems to be growing slowly, when you become discouraged because your work seems to bear no fruit. Don't be discouraged. The Lord would say to you in Deut. 1:21, "Fear not, neither be discouraged," for I am with you.

During the very time you are discouraged, the Lord may have good news for you. This period of time may be more spring than winter. It is an open secret that God's arm is not shortened that he cannot save; neither is his ear heavy that He cannot hear.

Therefore, let us keep on working and praying that we may in our hearts possess the land of rest and comfort and peace with God. "The glory of the Lord shall be thy reward." He tells us in Isaiah 58:9, "Then thou shalt call, and the Lord shall answer; thou shalt cry, and He shall say, Here I Am."

We pray that the church and its fellowship will be your dearest treasure. May the church be the place where your "heart interest" lies. We invite you to attend services this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THUMBS DOWN!

This is one print you don't want to leave. It's the print of a 15 year old kid picked up for shoplifting. It's on a police record now — one that will follow him for the rest of his life!

Scare tactics you say? Hardly! Punishment for a first offense can be as much as a \$2,000 fine and 5 years in jail, or more depending on the State you live in.

No matter what your state calls it — misdemeanor, petty larceny or felony — SHOP-LIFTING IS STEALING AND STEALING IS A CRIMINAL ACT and is punishable as such. YOUR AGE WILL NOT PROTECT YOU!

R-PEP Meetings On Marketing Wheat Planned

Because price support of wheat in the future seems uncertain, Rolling Plains growers this year indicate as much interest in marketing as in producing.

Discussions therefore of the Rolling Plains wheat situation are scheduled March 6 at Seymour and March 7 at Vernon, which growers and elevator operators and other agribusinessmen are being urged to attend.

Beginning at 1:30 p.m. each day, the R-PEP Wheat Situation Seminar is to be in the Farmers National Bank at Seymour, in the Texas A&M University Agricultural Research and Extension Center at Vernon.

Subjects to be discussed: alternate marketing plans and farm programs, trading in "futures," domestic and export demands on wheat, and pest control in small grains.

Sponsors of the seminar are the Texas Wheat Producers Board, the Texas Grain and Feed Association, and the Task Force for Small Grains of the Rolling Plains Economic Program (R-PEP).

Recognized for their knowledge of the wheat situation, these speakers have been invited: John Seibert of Bache & Co. in San Antonio; George Jones, vice president for merchandising at the Producers Grain Corporation in Amarillo; Norman W. Brints, economist with the Texas Agricultural Extension Service at Vernon; and Emory P. Boring, entomologist with the TAES at Vernon.

G.E.D. Tests Set At Rule

The Rule school will administer the General Educational Development tests at Rule, Saturday, Mar. 3, beginning at 8 o'clock in the morning in the Rule High School Library. The office of the Superintendent will give any additional information needed. The fee is ten dollars for the five tests.

If a person passes the tests the Texas Education Agency will issue a certificate that is equivalent to a high school diploma. This certificate will be accepted by most companies that require a high school education for employment and most colleges will recognize it also for admission.

Weekend events should be reported to the Herald by noon Monday.

Wow! This season really turned out great. The basketball season ended last Friday with the Coahoma Bulldogs defeating the Pipers 73-59. It was a fast, hustling game that ended in defeat leaving the Pipers with a 19-4 record. The team played at the Municipal Coliseum in Lubbock. The Pipers played a great game but just had a few unlucky moments. CONGRATULATIONS to all you Pipers and Coach Dechairo for a great victorious year!

Two representatives, Diane Ford and Piper Willis, and Mr. Milburn Wink (sponsor) of the Student Council attended a Board Committee Meeting in Abilene last Monday night. The Committee met to decide which school from our district would

receive the "Outstanding Student Council Award," at the TSC State meet to be held next month. The school was undecided. The board discussed several other subjects also. Other schools present were Albany High School and Ballinger High School.

The Stage Band traveled to Brownwood for their third contest this year. The band previously placed first in both the Stephenville and the Midwestern Stage Band Contest. I have been informed that the band played very well, but failed to place in the contest.

A couple of the members of the Hamlin FFA Chapter traveled to the Stephenville Judging Contest early Saturday morning. The members were Tommy Gabriel and David Mitchell. There is no further information available.

Art Carmichael, Former Resident Dies In Abilene

Art Carmichael, 62, prominent Abilene businessman and former resident of Hamlin, died at 7:48 p.m. Tuesday in Hendrick Memorial Hospital. He had entered the hospital earlier Tuesday.

Funeral will be at 2 p.m. in Highland Church of Christ. Burial will be in Hamlin Cemetery under the direction of Elliott's Funeral Home.

John Allen Chalk, former Highland minister, Dr. John Stevens, president of Abilene Christian College, and James Walter Nichols, president of Hallmark Communications, will officiate.

Mr. Carmichael was born in Ardmore, Okla., Nov. 27, 1910, son of the late Mr. and Mrs. Roy Carmichael. The family moved to Cross Plains in 1925 when it was an oil boom town and operated a cafe.

Mr. Carmichael and his brother, Stanley, who died Aug. 22, 1972, were business partners in more than 50 business ventures.

They graduated from high school in Cross Plains and were pre-med students at the University of Texas at Austin when the depression forced

them to terminate their medical studies and return to Cross Plains and the cafe business.

In 1933 the family moved to Hamlin and the brothers became partners in another cafe venture. They later were able to launch the Hamlin Ford Agency in 1937, beginning a career involving primarily auto sales with firms scattered from Port Arthur to Artesia, N.M.

SCHOOL OPEN HOUSE—

—Continued from pg. 1

In the Reading Center Building, Mrs. Almata Young is using as a theme "Reading Roundup" and Miss Elizabeth Motley has "Get Into The Act—Read." The reading program is designed for more individual help and enrichment for the regular classroom instruction. A variety of techniques and materials are used to vary the improvement of reading and these will be on display for parents to see.

The E.M.R. (Educable Mentally Retarded) self-contained class taught by Mrs. C. M. Starr is using as an Open House theme—"Peace." Helps and individual attention are available at all times for qualifying children in this classroom, and there is "peace" and contentment in knowing that the handicapped child can be taught to become a useful citizen.

Two Resource teachers are also in the Reading Center Building. In one room, where students come from regular classes for short periods each day, John Crump helps pupils solve such problems as visual-perception, or eye-hand coordination; deficits; perceptual-motor deficits, which is really general control of gross and fine muscles; and children with confused laterality (left-right) and body image. Mr. Crump works on increasing his students' auditory and visual discrimination and memory. For Open House he will have on display some of the materials he uses, such as the famous Frostig materials.

Mrs. Shasta Young is the teacher of the other Resource Room where students come for short periods from regular classes. The students work on improving their basic reading, writing, spelling and arithmetic skills. Children are provided activities and materials to work with under Mrs. Young's direction on visual perception, or eye-hand co-ordination; perceptual-motor deficits, auditory and visual discrimination; and auditory and visual memory. Mrs. Young's theme will be "Children Around The World."

Work done by students will be on display along with the materials used in this program.

Miss Rebecca Eastland, speech therapist, has 35 students enrolled in her speech and hearing class in the Reading Center Building. These students range in age from Kindergarten through Junior High age. Therapy consists of auditory training and discrimination, tongue-thrust exercises, articulation drills and general language development skills. Children in this class are helped on an individual basis. Instructional aids will be on display for parents to see.

In the elementary building the third grade theme will be "Swing Into Spring." Fourth grade students have used the theme of "Wev of the World." Miss Seymore's 5A class will use newspaper articles to honor three late Texans, President Johnson, Swede Swenson and John M. (Tex) Moore.

Junior high school students have prepared some of their work to be on display during open house and principal Carlton and the teachers are inviting patrons to visit the building. Some poster work will be displayed along with crafts in the art department. The vocational department, initiated this year, will also be open for inspection.

Principal Newberry said that special displays have not been prepared especially for open house but emphasis is placed on having the parents visit the building and talking with their child's teachers.

Purchase of Texas Central Line By FW&D Approved

Purchase of the 42-mile line of Texas Central Railroad Company between Stamford and Rotan by Fort Worth and Denver Railway Company will be consummated in a meeting of officials of the two lines at the First National Bank in Rotan at 1:00 p.m. Friday.

Acquisition of the railroad in Jones and Fisher Counties by the FW&D was approved recently by the Interstate Commerce Commission. The line connects at Stamford with FW&D's Wichita Falls-Abilene line. Other stations include Hamlin and Rotan, and principal commodities handled are wallboard, plaster, cotton and cottonseed products.

The Stamford-Rotan line was built in 1906-7 by Texas Central Railroad Company, chartered in 1892 to take over a portion of the lines of the old Houston & Texas Central Railroad, controlled by Hetty Green, said at that time to have been the world's richest woman.

A native of Texas, he moved to Hamlin with his family, the late Stephen and Amanda Wills Bailey, in 1906. He attended Hamlin schools and moved to Cleburne at a teenager. He was known here by his nickname, "Booster."

Honored for Safety Record

Continental Oil Company's Hamlin gas processing plant this week completed 11 years of operation without a lost-time accident.

The plant has not had a lost-time accident since Feb. 20, 1962—a record of 138,400 manhours of safety on the job. Located in the Round Top field, approximately eight miles west of Hamlin, the plant was expanded to a processing capacity of 20 million cubic feet of gas per day in 1971 and now has an operating staff of 11.

B. J. Howerton, plant superintendent, said the company is planning a dinner for the plant employees and their wives next month to celebrate the safety record.

The Texas Central originally extended from Waco to Rotan, and was sold to Missouri-Kansas-Texas Railroad in 1914. The Stamford-Rotan segment was purchased from M-K-T in 1969 by Texas Central Railroad Company, which had previously taken over the 1892 charter when peanut interests at Dublin acquired the 25-mile portion of the M-K-T between Dublin and Gorman, serving the peanut producing area of Erath and Comanche Counties. The FW&D purchase of the Rotan line will not affect the Dublin-Gorman segment, known as the "Peanut Line," which will continue under Texas Central operation.

The FW&D official delegation at the Rotan meeting will be headed by its president, Paul F. Cruikshank of Fort Worth. The Texas Central party will include Melvin E. Shell, president, and Terry E. Shell, executive vice president, both of Dublin.

In announcing the purchase, Cruikshank stated that the FW&D plans to upgrade the track structure of the Stamford-Rotan line to permit faster train operation, with improved service to shippers. He also indicated that the eight Texas Central employees on the line will be retained by the FW&D.

The Fort Worth and Denver, a subsidiary of Burlington Northern Inc., will observe its centennial in May. It was incorporated as Fort Worth and Denver City Railway Company by an act of the Texas Legislature on May 26, 1873.
